Public Notice-Delay in opening the market

The notice serves to advise the market that there has been delay in opening the market by 30 minutes to allow all brokers to convene and trade from ZSE premises. We have taken this as a precaution as we were experiencing internet connectivity issues.

The market schedule for today will be as follows;

Market open	1030 hours
Close	1500 hours

Remote access for View Only Terminals will be affected and we are working flat out to resolve the matter.
