PRESS RELEASE

The Zimbabwe Stock Exchange Limited ('ZSE') is pleased to advise all stakeholders on the gazetting of the ZSE Listing Requirements under Statutory Instrument 134 of 2019 on 14 June 2019. The gazetted ZSE Listing Requirements, which had not been comprehensively reviewed since 2002, are a product of wide consultations with various stakeholders which include Investors, Issuers, Government of Zimbabwe, the Securities and Exchange Commission of Zimbabwe, Professional Advisors and Market Participants. Key amendments have been necessitated by significant and numerous changes in the local and foreign capital markets which had not been accommodated by the current rules. In particular, the landscape has changed on the macro-economic front as well as in terms of technological advancements and updates in legislation over the last 17 years.

Some of the main objectives of the revised listing requirements include enhancing transparency, disclosures and accountability in the governance of listed Companies in order to build up investor confidence in the manner in which our market is regulated and operated.
