

ABRIDGED AUDITED CONSOLIDATED **STATEMENT OF FINANCIAL POSITION**

for the period ended 31 December 2023

Auditor's Statement

www.unifreight.co.zw

Dear Esteemed Shareholders,

I am honored, as the Board Chairperson of Unifreight, to present the comprehensive annual report for the fiscal year ending in 2023. The year under review was characterized by considerable challenges and transformations, yet it also brought forth encouraging advancements that fortify our trajectory towards sustained growth.

Economic Overview

The fiscal year 2023 was marked by a challenging economic environment, primarily due to the substantial depreciation of the Zimbabwean Dollar. This eventually led to the introduction of a new currency, the Zimbabwe Gold (ZIG). The significant currency depreciation experienced during the year continued to constrict market liquidity as industries grappled with reduced access to finance in either Zimbabwean Dollars or Nostro. This fiscal tightening adversely affected many sectors, including Unifreight, by impacting cash flows.

Financial Performance Summary

Our financial results have been prepared on an inflation-adjusted basis, in compliance with IAS 29 "Financial Reporting in Hyperinflationary Economies". We urge shareholders to exercise caution when using these audited abridged consolidated financial statements due to the material and pervasive impact of the technical complexities associated with reporting under IAS 29.

In FY2023, the group posted a profit of ZWL 192b. This was largely attributed to improvements in our operating margins, which rose from 0% in 2021 to 2.56% in 2022, and further to 20.6% in 2023. The significant improvement in 2023 was driven by the management team's aggressive pursuit of cost containment strategies, coupled with the deployment of an additional 50 FAW 380FT Truck Tractors with Afrit Tautliner Trailers into the local and cross-border market.

During the year, we successfully renegotiated terms on foreign-denominated loans with major financiers to more favorable local conditions. As of 31 December 2023, our loan book stood at ZWL24BIn. Additionally, we transitioned our Property Plant and Equipment policy from a cost model to a revaluation model, resulting in a deferred tax liability of ZWL52BIn in 2023, up from ZWL2Bln in 2022.

Dividend Declaration

l ease liability

Loans and borrowings

TOTAL EQUITY AND LIABILITIES

The Board has resolved to declare a final dividend for the year ended 31 December 2023. The dividend, payable to all ordinary shareholders registered in the company's books, is a blend of Zimbabwe Dollars (ZWL) and United States Dollars (USD). The Zimbabwe Dollars amount is now payable in the new currency, Zimbabwe Gold (ZiG). The final dividend amounts are US\$200,000.00 (US\$0.001878 per share) and ZiG1,344,000.00 (ZiG0,012623 per share). A separate announcement will be made regarding the payment of the dividend

Outlook

Despite a challenging Q1 marked by subdued volumes due to the introduction the new Zimbabwean Currency, the ZiG, we remain optimistic about Unifreigh future. Our growth is underpinned by quality contracts we have been able to execute following the completion of the fleet expansion project in 2023. We have successfully secured a larger share of the tobacco market and now transport over 20% of the total Zimbabwean tobacco crop

Appreciation

I would like to express my profound gratitude and appreciation to our customers, business partners, and our valued shareholders for their unwavering confidence in us. Your trust will be deservedly rewarded over time. I also extend my gratitude to the Unifreight Board of Directors, employees, management, and executive team for their passion, commitment, and dedication to fostering a high-performance culture and ensuring Unifreight's continued growth.

Unifreight Africa Limited (formerly Pioneer Corporation Africa Limited) was incorporated in Zimbabwe in 1970. It is the holding company of a Group of companies primarily involved in the road transport industry whose main activities include inter-city freight consolidations, the distribution of genera goods, and a courier service. The Company is incorporated in Zimbabwe. Other entities in the Group are incorporated in Botswana. The company is listed on the Zimbabwe Stock Exchange. These Group consolidated financial statements are presented in Zimbabwean Dollars and were authorised for issue by the Board of Directors on 15 May 2024

Cash and cash equivalents at beginning

Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the international Accounting Standards Board (IASB). In the current year, management has decided to change the accounting policy relating to the subsequent recognition of vehicles, furniture and equipment from a cost model to a revaluation model in accordance with IAS 16. Property Plant and Equipment, Management also decided to change the policy related to the subsequent recognition of investment properties from a cost model to the fair value model in accordance to IAS 40, Investment Properties. Both these changes in policies were done in accordance to IAS 8, accounting policies, changes in accounting policies, accounting for changes in estimates and errors. During the year there was also a prior year adjustment with relation to a lease. For the prior year adjustment of the lease and the change in policy relating to IAS 40 and IAS 16, a prior year restatement was performed. Other than this, all other accounting policies are applied consistently throughout the Group. The consolidated financial statements are presented in Zimbabwean dollars (ZWL) and all values are rounded to the nearest 1 000 dollars except where otherwise stated

The consolidated financial statements are prepared under the historical cost convention as restated for the changes in the general purchasing power of the functional currency for the purposes of fair presentation in accordance with IAS 29, (Financial Reporting in Hyperinflationary Economies). Accordingly, the inflation adjusted consolidated financial statements represent the primary financial between the primary financial statements represent for the primary financial statements represent for the primary financial statements represent for the primary financial between the primary financial statements for the primary financial statements for the primary financial between the primary finan statements of the Group and the Historical Cost Consolidated Statement of profit or Loss and other comprehensive income and Consolidated Statement of financial position have been included only as supplementary information.

Inflation adjustment

The Public Accountants and Auditors Board (PAAB) in their circular 01/19 communicated that the factors and characteristics to apply IAS 29, Financial Reporting in Hyper-Inflationary Economies had been met in Zimbabwe. The pronouncement require that entities reporting in Zimbabwe apply the requirements of IAS 29 with effect from 1 July 2019.

IAS 29 requires that the financial statements prepared in the currency of a hyperinflationary economy be stated in terms of the measuring unit current at the reporting date and the corresponding figures for the previous period be stated in the same terms. The restatement has been calculated by means of conversion factors derived from the consumer price index. The Group used the following inflation adjustment factors derived from the Total Consumption Poverty Line (TCTL) as published by the Zimbabwe National Statistics Agency (ZIMSTATS. The following factors were applied:

Period / Month	Factor
December 2021	16.5189
December 2022	4.8054
December 2023	1.0000

Accounting policies

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

The policies applied are consistent with those applied in previous years.

Borrowings

Borrowings represent facilities for capital expenditure and working capital. The interest rates for USD accounts attract an interest is between 12.15% to 13% and for ZWL Loans the interest rates

Accrued expense

liabilities

Social security and other statutory

	Dec 2023 ZWL 000	Dec 2022 ZWL 000
Equity component of shareholders loans	-	6607726
Loans and Borrowings	25,354,838	29 079 463
TOTALS	25,354,838	35 687 189

4,272,436

224,814

1,223,117

896,779 8,541,529

Loans and borrowings

Loans and borrowings relate to finance lease arrangements entered into to procure revenue generating vehicles. The amounts are effectively secured as the rights to the leased asset revert to the lessor in the event of default. The interest rates are between 10 - 200%

During the year, the group successfully renegotiated terms on foreign-denominated loans with major financiers to more favorable local conditions.

Shareholders' loans

The Shareholder loans were reclassified from Equity to current and non current liabilities in the current year.

Finance cost

Finance cost comprises the following:

	Dec 2023 ZWL 000	Dec 2022 ZWL 000
Bank borrowings	4,046,074	2,648,232
Leases liabilities	2,403,880	336,535
	6,449,954	2,984,767

Capital expenditure

	Dec 2023 ZWL 000	Dec 2022 ZWL 000
Acquisition of vehicles and equipment	97,716,441	6,416,683

Contingent liabilities

The Group is a defendant in various labour disputes with former employees. The cases are at various stages. The total being claimed in all these cases is ZWL 17,895,762,256. The cases have been assessed and the probability of an outflow is minimal.

Subsequent events

Subsequent to the 31st of December 2023, on the 5th of April 2024, through the Monetary Policy statement, The Reserve Bank of Zimbabwe (RBZ) (Central Bank) introduced a structured currency called Zimbabwe Gold (ZiG) which is a currency anchored by a composite basket of foreign currency and precious metals (mainly Gold) held as reserves by The Reserve Bank of Zimbabwe.

Directors have assessed the implications of the introduction of the new currency in the line with the requirement so IAS 10 Events After the Reporting Period, and have concluded that the introduction of the structured currency is a non-adjusting event on the consolidated inflation adjusted financial statements for the year ended 31 December 2023.

Assessment of functional currency

Following the promulgation of Statutory Instrument ("SI") 218 of 2023, the Group has witnessed a gradual increase in the use of foreign currecny (USD) against the local currency (ZWL) however our major trading currency still remains the Zimbabwean Dollar (ZWL). The international Accounting Standard Permits entities to change their functional currencies basied on the underlying transations events and conditiontal that are relevent to them Management will continue to review and assess the appropriateness of the functional currecny for the Group's operations

Unifreight Africa Limited Annual Financial Statements 31 December 2023

Statement of financial position	8
Statement of profit or loss and other comprehensive income	9
Statement of changes in equity	10
Statement of cash flows	11
Statement of accounting policies	12 - 44
Notes to the financial statements	45 - 64

These financial statements are expressed in Zimbabwe Dollars (ZWL).

Responsibilities of Management and Those Charged with Governance for the Financial Statements for the year ended 31 December 2023

It is the Directors' responsibility to ensure that the financial statements fairly present the state of affairs of the Group. The external auditors are responsible for independently reviewing and reporting on the financial statements.

The Directors have assessed the ability of the Group to continue as a going concern and believe that the preparation of these financial statements on a going concern basis is still appropriate. However, the Directors believe that under the current economic environment a continuous assessment of the ability of the Group to continue to operate as a going concern will need to be performed to determine the continued appropriateness of the going concern assumption that has been applied in the preparation of these financial statements.

The annual financial statements are prepared with the aim of complying fully with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB), which includes standards and interpretations approved by the IASB and Standards Interpretations Committee (SIC) interpretations issued under previous constitutions.

The Conceptual Framework for Financial Reporting requires that in applying fair presentation of financial statements, entities should go beyond the consideration of the legal form of transactions and any other factors that could have an impact on them. IAS 21 requires an entity to apply certain parameters in determining the functional currency of an entity for use in the preparation of its financial statements. This standard also requires an entity to make certain judgements, where applicable, regarding appropriate exchange rates between currencies where exchangeability through a legal and market exchange mechanism is not achievable.

As enacted by the Finance Act No. 2 of 2019, the requirement to comply with Statutory Instrument (S.I) 33 of 2019 created inconsistencies with IAS 21, as well as the principles embedded in the Conceptual Framework for Financial Reporting. This has resulted in the adoption of accounting treatment in the financial statements for the prior period, which deviates from that which would have been applied if the Group had been able to fully comply with IFRSs.

The Group's accounting and internal control systems are designed to provide reasonable assurance as to the integrity and reliability of the annual financial statements and to adequately safeguard, verify and maintain accountability of its assets. Such controls are based on established written policies and procedures and all employees are required to maintain the highest ethical standards in ensuring that the Group's business practices are conducted in a manner which in all reasonable circumstances is above reproach. Issues that come to the attention of the Directors have been addressed and the Directors confirm that the system of accounting and internal control is operating in a satisfactory manner.

The Group's financial statements for the year ended 31 December 2023 which are set out on pages **8 to 64** were, in accordance with their responsibilities, approved by the Board of Directors on 28 May 2024 and are signed on its behalf by:

Annesley P. J. **Chairman**

Clarke R. P. A **Director**

INDEPENDENT AUDITOR'S REPORT

To the members of Unifreight Africa Limited and its subsidiaries

Report on the Audit of the Consolidated Inflation Adjusted Financial Statements

Qualified Opinion

We have audited the consolidated inflation adjusted financial statements of Unifreight Africa Limited and its subsidiaries set out on pages **8 to 64**, which comprise the consolidated inflation adjusted statement of financial position as at 31 December 2023, and the consolidated inflation adjusted statement of profit or loss and other comprehensive income, the consolidated inflation adjusted statement of changes in equity and the consolidated inflation adjusted statement of changes in equity and the consolidated inflation adjusted financial statement of the gear then ended, and the notes to the consolidated inflation adjusted financial statements, including a summary of the Group's significant accounting policies.

In our opinion, except for the matters described in the Basis for Qualified Opinion section of our report, the consolidated inflation adjusted financial statements present fairly, in all material respects, the financial position of Unifreight Africa Limited and its subsidiaries as at 31 December 2023, and its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Qualified Opinion

<u>Non-compliance with International Accounting Standard (IAS) 21 - The Effects of Changes in</u> <u>Foreign Exchange Rates</u>

During the prior and current financial period, the foreign currency denominated transactions and balances of the Group were translated into ZWL using internally generated rates, which were not considered appropriate spot rates for the Group as required IAS 21. IAS 21 defines the spot exchange rate as the exchange rate for immediate delivery.

Had the consolidated inflation adjusted financial statements been prepared in accordance with the requirements of IAS 21, some elements would have been materially affected. The effects of the non-compliance with the requirements of IAS 21 have been considered to be material but not pervasive to the consolidated inflation adjusted financial statements as a whole.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated inflation adjusted financial statements of the current year. These matters were addressed in the context of our audit of the consolidated inflation adjusted financial statements as a whole and we did not provide a separate opinion on these matters. The key audit matters noted below relate to the annual consolidated inflation adjusted financial statements:

Key Audit Matter	How our audit addressed the Key Audit Matter
IFRS 15 - Revenue from Contracts with Customers • There is a presumed fraud risk with	Our audit procedures included the following:
 regards revenue recognition as required by International Standard on Auditing (ISA 240 Revised). There is a risk that the revenue is presented at amounts higher than what has been actually generated by the Group. The Group is in the business of providing transport and logistics services. Revenue from contracts with customers is recognised when services are delivered to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those services. 	 Tested the general and application controls around the revenue systems of the Group and reviewed the controls. Performed revenue analytics to identify anomalies in the revenue and corroborated by tracing to supporting documentation on the explanations provided. Performed gap detection and duplicates test. Reviewed whether the revenue recognition criteria is appropriate and in line with the requirements of IFRS 15.
 The Group also has revenue generated from prepacks and driving schools. These goods and services are paid for in advance. The Group recognises revenue when payment is received. 	Based on the audit work performed and the assumptions made, we satisfied ourselves that the Group's revenue recognition is in accordance with IFRS 15.
 Revenue recognition was identified as a risk area requiring special audit consideration. 	

Other information

The Directors are responsible for the other information. The other information comprises the 'Corporate information', 'Directors' report, 'Corporate governance', 'Chairman's report', and 'Chief Executive Officers' report', which we obtained prior to the date of this auditor's report. The other information does not include the consolidated inflation adjusted financial statements and our auditor's report thereon. Our opinion on the consolidated inflation adjusted financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the consolidated inflation adjusted financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated inflation adjusted financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Inflation Adjusted Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated inflation adjusted financial statements in accordance with International Financial Reporting Standards (IFRSs), and for such internal control as management determines is necessary to enable the preparation of consolidated inflation adjusted financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated inflation adjusted financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Inflation Adjusted Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated inflation adjusted financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated inflation adjusted financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated inflation adjusted financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated inflation adjusted financial statements or, if such disclosures are inadequate, to modify our opinion.
- Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated inflation adjusted financial statements, including the disclosures, and whether the consolidated inflation adjusted financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated inflation adjusted financial statements. We are responsible for the direction, supervision and performance of the Group's audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters

that were of most significance in the audit of the consolidated inflation adjusted financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion, the consolidated inflation adjusted financial statements have been properly prepared, in all material respects in accordance with the requirements of the Companies and Other Business Entities Act (Chapter 24:31).

The engagement partner on the audit resulting in this Independent Auditor's Report is Farai Chibisa.
