PRESS RELEASE

Prospective Issuers Training Programme (PITP) 2025

Following the successful launch and implementation of the inaugural Prospective Issuers Training Programme (“PITP”) in 2024, the Zimbabwe Stock Exchange (“ZSE”) in collaboration with the Victoria Falls Stock Exchange (“VFEX”) is pleased to launch the second edition of the programme.

The second edition of the PITP is offering opportunities to businesses that are considering capital raising through the capital markets. PITP is a strategic capacity-building initiative designed to equip potential issuers with the knowledge, resources, and support needed to navigate the listing process on the ZSE and VFEX. The programme provides a structured pathway for companies to prepare for a potential Initial Public Offering (IPO) or other modes of listing.

Key Features of the Programme:

- Comprehensive training on the listing process, compliance, and regulatory expectations.
- Practical workshops facilitated by experienced capital markets professionals.
- Guidance on corporate governance, financial and integrated reporting.
- Tools to build effective investor relations and strategic communications.
- Tailored mentorship and advisory from capital market experts.

The ZSE will continue to offer the programme free of charge to the 2025 successful applicants. Sessions will be delivered over a three-month period and are designed to provide hands-on engagement with senior executives of participating firms.
